## Women's Rodeo

6 CNFR qualifiers  
Over 12 professionals  
Produced many four-year college student-athletes  
Heather Turner - 2004-2005 CNFR participant - placed in two rounds of four rounds and finished 6th in the nation.

Our returning athletes and incoming freshmen give us a lot of balance at both ends of the arena. We have at least one individual who is very competitive in each event and two athletes in most. We have half a dozen bull riders who are capable of qualifying for the CNFR. Our women's team has the best chance ever of sending a team to the CNFR. If our student-athletes are dedicated to hard work, both in the classroom and in the arena, we should have men and women qualify for the CNFR again this year.
